# MHUB ESSENTIAL

## The brain behind your detectors.

The MHub connects your detectors into one smart system - giving you instant alerts, clear overview, and ongoing safety reminders wherever you are.

- **Get alerts** on your phone
- **Control** anywhere
- **Built-in** fire drill feature

Through the LiviSense app, the MHub keeps you informed, prepared, and protected - at home or away.

Protect what matters

# STAY CONNECTED

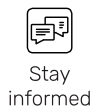

**Instant alerts and full overview – all in one connected system.**

Your detectors work together with the MHub - giving you faster warnings and greater safety when it matters most.

Receive instant fire and smoke alerts, stay informed wherever you are, and manage everything easily in one app.

- **Upgrade** your existing detectors without replacing them
- **Easy** setup in the LiviSense Alarm app
- **Add** more devices anytime

**Always connected. Always protected.**

**Protect what matters**

# GET PROTECTED

**Turn your detectors into a connected safety system.**

**Get started in minutes:**

- ① Download the app – available on iOS and Android
- ② Connect your MHub. Follow the simple setup in the app
- ③ Add your detectors. Create your connected system
- ④ Include friends and family as emergency contacts
